Spout Spring Ruritans To Sponsor Donkey Ball Game Friday

Donkey Ball, the world's craziest sport comes to Appomattox on July 12. This ball game, played from the backs of trained donkeys, is reputed to be wilder than a rodeo and funnier than a circus.

For the game the Spout Spring Ruritans have obtained the services of the nationally known Burkeye Donkey Ball Co. of Columbus, Ohio. The donkeys they will furnish range from docile to rambunctious and sationary to sprightly ... and all unpredictable.

All local riders will be used in the struggle for mastery, waged between man and beast, and it is reported that the local boys have gone into serious training for the big event. The Spout Spring Ruritan Club, who will compete, have announced that their players are on a strict diet of Mothers Oats and raw carrots.

Several of our local druggest, on hearing of the game, announced that they are increasing their supply of liniment in anticipation of a big demand for the soothing lotion on the morning following the big game.

Tickets are available from members of the Spout Spring Ruritans or contact Curtis Wooten 352-8797. Adults $1.00 advance - $1.25 at the gate. Children under 14 - .50 advance

"Computeride" To Remain Available

COMPUTERIDE, an energy conservation program designed initially to assist people in forming carpools, will remain available to interested Central Virginia employrs who may want to provide the program for their employees in the event of another gas shortage.

The "COMPUTERIDE Steering Committee was told Monday afternoon that when restrictions were listed on the purchasing of gasoline and the availability of gasoline increased, the interest in COMPUTERIDE on the part of employers seemed to decrease.

However, according to Harry Jarvis, Transportation Planning Analyst for the Central Virginia Planning District Commission, the test run for COMPUTERIDE showed that 82.5% of the employees were responsive to the COMPUTERIDE Survey.

Jarvis felt that this high percentage of response indicated a real interest in COMPUTERIDE by employees who were given the opportunity to complete the form.

Fourteen corporations initially indicated an interest in being part of the test run for COMPUTERIDE, but only five actually participated.

Official Signing Of Regional Investigation Squad Agreement Set For July 17th

An official signing ceremony attended by Attorney Andrew P. Miller will culminate the efforts by area law enforcement officers in establishing the Regional Investigation Squad Agreement.

The signing ceremony will take place July 17, 1974 at 2:30 p.m. in the offices of the Central Virginia Planning Districts Commission. Attorney General Miller will offer brief remarks on the significance of the Agreement.

Last August, Governor Linwood Holton was present for the signing of the Law Enforcement Manpower Pool Agreement, a similar reciprocal plan.

Central Virginia is the only planning district in Virginia with a Reciprocal Agreement on Drug Abuse, a Civil Disorder Control Plan, and a Law Enforcement Manpower Pool Agreement simultaneously in effect.

In addition to the jurisdictions which comprise the Central Virginia Planning District -- the Counties of Amherst, Appomattox, Bedford and Campbell and the Cities of Lynchburg and Bedford - the towns of Altavista, Amherst, Appomattox and Brookneal have also agreed to participate in the agreement.

Commission Chairman William F. Overacre commented that "with the addition of the Regional Investigation Squad Agreement, the Central Virginia Planning District will be truly unique in the accomplishments which have been made through the coop ation efforts of law enforcement officers."

The Commission's Criminal Justice Advisory Committee has been instrumental in laying the ground work for all of the agreements.

The Regional Investigation Squad, formed for the purpose of providing a concentration of manpower in the hours just after a homicide in committed, has been approved by all law enforcement agencies within the District.

Several officers from each law enforcement agency have been disignated as members of the Squad and have taken 48 hours of special training which was provided during a week-long session in June.

Bloodmobile Visit Is Successful

When the Red Cross Bloodmobile made its first visit of the new fiscal year to Appomattox on Tuesday, July 9th, 104 units of blood were donated, thus making Appomattox 100% of its goal for this visit which was set at 102 pints of blood.

Helping the cause for the first time in Appomattox County were a number of employees of Thomasville Furniture Industries, some of whom are shown above as they are signing up to donate their blood.

During the visit of the bloodmobile from noon to 6 p.m. on Tuesday at Liberty Baptist Church, as usual the faithful donors came out to donate "one more pint" and there were some 18 year-olds and some first-time donors helping Appomattox County in its effort to be 100% for this, the first visit, and for all other visits this year.

Ladies from Hebron Baptist Church were in charge of the canteen for this visit.
